### Principal's foreword

The story of St Patrick's College is a great one. We have the good fortune to belong to a school community with a strong history and tradition, consistently outstanding academic results, a pastoral care program that works with families to challenge and nurture students, and a commitment to our faith as a Catholic community. These strengths support our efforts to realise our college motto: Let your light shine; and to achieve our vision for learning: Fostering Talent, Providing Challenge, Pursuing Wisdom. St Patrick's aspires to be a community based on the Gospel values of love, forgiveness, compassion, respect, sensitivity and justice, expressed through the Catholic tradition.

We strive to:

\*Foster a deepening personal commitment to God.

\*Witness to Gospel values and the Christian way of life in our dealings with each other and the wider community.

\*Promote spiritual, intellectual, emotional, social and physical development.

\*Recognise and foster the talents and potential of each of our College community.

### School facts

St Patrick's College is a Catholic school administered through Catholic Education, Archdiocese of Brisbane.

Coeducational  or Single sex

Year levels offered: Primary  Secondary  P-12

Total student enrolments: 403

Girls: 203

## Characteristics of the student body

St Patrick's College is a Parish based Catholic College for Years 7 to 12 in a coeducational setting. In 2016, 403 students were enrolled at the College.

Our students come from diverse geographical locations ranging from rural locations (Mary Valley, Kilkivan, and Curra), urban areas (Gympie) and coastal areas (Rainbow Beach and Tin Can Bay). Our students are actively involved in all aspects of College life, that is, spiritual, social, physical and academic. Students engage with the wider community through active volunteering and a commitment to the community in which we live. The student body expresses a strong care and concern for others through Student Representative Council activities and participation in Social Justice Programs and initiatives.

## Social climate

The College maintains a family-like atmosphere with close connections to St Patrick's Parish and St Patrick's Primary School. The College is organised through a vertical pastoral care structure with home room groups including students from each year level. Groups of five homerooms form a House group (Chisholm, Horan, McAuley and Rice) under the care of House Coordinators who oversee the care of students in that House.

The College values positive authentic relationships that respond to others in a Christian way. Students are guided through and reminded of the College's expectation of respectful relationships, including online social behaviour. During the enrolment interview, applicants and their families are lead through the College's processes and responses regarding relationships. St Patrick's College is an active participant in awareness programs in the community.

## Curriculum - our distinctive offerings

Students in Years 7 to 10 study the core subjects of Religious Education, English, Mathematics, Science, History or Humanities, Health & Physical Education and Life Skills. Years 7 and 8 students are introduced to the Arts (Art, Music and Drama), Technology (Home Economics, Industrial Technology & Design), and LOTE (Japanese). Year 9 students choose three electives from a range of subjects in the Arts (Art, Music and Drama), Technology (Home Economics, Graphics, Industrial Technology & Design), Business, Sport and Recreation, and LOTE (Japanese). As part of their preparation for senior QCAA subjects, Year 10 students choose six semester-length electives. This gives them a greater understanding of the individual subjects as well as allowing them to develop knowledge and skills in those areas. These electives include subjects from the Arts, Technology, Sciences, English, Maths, Philosophy, Health & Physical Education. The subjects follow the Australian curriculum guidelines, available at the Australian Curriculum, Assessment and Reporting Authority website.

Students in Years 11 and 12 can access a wide range of QCAA Authority and Authority-registered subjects, as well as Vocational Education certificates. There are strong industry partnerships, giving students access to diverse career pathways. Most students continue education and training after they complete school, with university being the most common study destination. While at the College, there are opportunities to undertake school-based apprenticeships and traineeships as well as to access TAFE courses and School of Distance Education subjects.

## Curriculum - our extra curricula activities

A number of co-curricular activities form part of the College program. In 2016 the program included:

- Spiritual: Retreats (Yr 7 – 12), Social Justice Projects.
- Academic: Homework Club, National English, Science and Mathematics competitions, Maths Team Challenge, Readers Cup, University Headstart programs, TAFE courses, School-Based Traineeships & Apprenticeships.
- Pastoral: Camp (Yr 7 & 9), Driver Education (Yr 11), Volunteering Program, Work Placement, Planeteers: Environment Club, Heinz Bash.
- Cultural: Intra/Inter-school Public Speaking, College Musical, Arts Council performances, College Choir, Art Club, Theatre Sports, Tournament of Minds.
- Sport: School [House Swimming, Athletics, Cross Country] & Inter-school/District Representative options [Soccer, Surfing, Netball, Touch, Cricket, Tennis, Volleyball, AFL, Futsal, Rugby Union, Rugby League].

## Parent, student and teacher satisfaction

Students, parents and staff are regularly encouraged to provide feedback to the College Leadership Team. These responses are shared and discussed with our students, families, staff, Parish community and College Pastoral Board via meetings, the newsletter and the College website. In addition, exit interviews are conducted with students and families when leaving the College community and staff who leave (including contract and permanent positions) are surveyed for satisfaction feedback. Predominantly, the feedback to the College has been overwhelmingly positive. Our community is engaged and enthusiastic and feels a real sense of belonging to our College family.

## Parent engagement

There are many avenues used to involve parents in their child's education. The College newsletter is the most regular form of communication. It is distributed via email every Friday or accessed via the website at <http://www.spcgympie.qld.edu.au>. Hard copies are available.

The website and College facebook page 'My St Patrick's College' is increasingly used by the community to advertise and access news about College life. Parents are actively involved in the College via gatherings and the Pastoral Board. Information evenings are held for each year group to discuss issues that impact on that cohort. House groups also host formal and informal occasions for parents, students and teachers to interact. Parents and students are invited to events including the monthly parish mass at the College, the Welcome Breakfast, the QCS Breakfast and the Year 12 Farewell Morning Tea.

## SCHOOL ACHIEVEMENTS

### **Achievements - progress towards goals**

In 2016, the College engaged in a clear focus of student wellbeing in the areas of faith formation and literacy, with a staff focus on reflective practice as a form of professional growth.

The school demonstrated connected professional learning with student learning outcomes and wellbeing through the professional learning with international educators, Lyn Sharratt and Michael Fullan. This professional learning was aligned to the College strategic goals. By collecting and analysing data, staff were able to direct pedagogical approaches to individual students that resulted in improved outcomes.

The College implemented, publicised and celebrated our Vision for Religious Education, which articulates a Contemporary Catholic World View, encompassing tradition, liturgy and history. This program was successfully validated by the Archbishop.

### **Future outlook**

We aspire to improve the teaching of religion through monitoring student progress as part of the ELT Focus Challenge and building upon the opportunities for faith formation between the staff and Parish, staff and Primary School staff.

We aspire to increase the capabilities of all our students, with particular attention to our Year 8 students in the writing of paragraphs, using paragraph structures, sentencing, subject terminology and cohesion. This will be measurable through PM Writing Tool responses in a range of subjects as class tasks with teachable feedback. The improvement will be measured using the Reeves Quartile guidelines (2007) to analyse writing data from Term 1 to Term 4 in 2017.

We aspire to enhance the capabilities of the staff and support all stakeholders in the use of technology in the classroom as we work within a changing digital landscape in education.
