Principal's foreword

Christ The King Primary School provides an exceptional Catholic education to students in Prep to Year 6. Christ the King or 'CtK' as it is fondly referred to, is located 30km north of Brisbane in the Moreton Bay Region. As a small school with just over two hundred and eighty students, we are a vibrant community and pride ourselves on truly knowing our students and families.

In 2017 our school consisted of twelve classes including two streams from Prep to Year Three. Our staff of dedicated teachers and school officers provide vigorous and engaging teaching and learning activities to ensure all children have the opportunity to reach their potential.

Our school logo of the rainbow radiates light, hope, and tolerance for all in our school community. Our teaching and learning vision encompasses all this in the simple phrase, "Side by side we are brave, empowered and spirited learners." The leafy bayside surrounds and gardens of the school are the perfect environment to support the students in learning about sustainability and stewardship for the Earth as well as providing fertile ground for academic and real world learning.

With Jesus Christ as our role model and through a whole school emphasis on literacy and numeracy, incorporated within a holistic approach to our curriculum delivery, we believe CtK are providing a quality Catholic education for every child that walks through our front gate

School facts

Christ the King Primary School is a Catholic school administered through Catholic Education, Archdiocese of Brisbane.

Coeducational or Single sex

Year levels offered: Primary Secondary P-12

Total student enrolments: 284 Girls: 141 Boys: 143

Characteristics of the student body

Our student body draws on catchment areas including Deception Bay, Rothwell, Burpengary, and Narangba as well as the North Lakes district. We cater for a diverse range of family units and our students come from a variety of socioeconomic backgrounds as the nature of our area changes. Many families identify as being in a low socioeconomic bracket or single income families.

We have adopted the Positive Behavior For Learning Framework to support students which has resulted in very few students being referred for intervention to the Principal or administration. This system focuses on explicitly teaching desired behaviours and supporting students who experience difficulty with this through frequent "check-ins" with support staff and parents.

Approximately 11% of our student body are currently verified as having a diagnosed special need as well as an additional 10% who require learning support to achieve their learning goals. At CTK we have an approximate indigenous population of 5.5% and 2% ESL.

Social climate

We believe that positive, inclusive behaviours and relationships can be taught through the curriculum and learning experiences. We aim to develop resilience, communication and reflective thinking with students. Our program of Play Is the Way games helps challenge children to develop these characteristics and use them in the school environment. Restorative Practice is an approach that is used to encourage students to reflect on their behaviour and take responsibility for their actions and find ways to make things right with those they have hurt. We provide supervised cooperative play and social clubs for students at lunch breaks. Counselling is available for student and families.

In addition, in 2016 a focus was placed on the Australian Curriculum, Health with a Catholic Perspective. This provided teachers, students and families with more resources to support student and families in building happy, healthy and respectful relationships with each other and the wider community.

Major inappropriate behaviour results in logical consequences, with communication between school leadership and families. This could include suspension within, or from school for a period of days. This would be followed by a re-entry agreement and a check-in process for students.

Curriculum - our distinctive offerings

At Christ the King students are immersed in all the learning areas of the Australian Curriculum through a combination of explicit teaching and inquiry learning. Students and teachers use co-constructed learning intentions, success criteria and collective data to drive student achievement of their identified learning goals. Students are encouraged to take responsibility for their learning needs and are supported in their learning journey in all areas with explicit instruction and active investigations.

In addition to the regular curriculum offerings, students have 1 hour specialist lessons in Physical Education and The Arts (Drama, Dance, Visual Arts, Music, Media Arts). Religious Education is also an important academic subject which students undertake using the same model of learning and teaching. Students learn about the Catholic faith and how Catholics live their faith through action in the life of the school and wider community.

Students are supported in their learning by our Support Teacher-Inclusive Education who coordinates school officers within the classroom environment. A Guidance Counsellor is also available 2 days per week.

Students are provided with swimming lessons in term 4

Curriculum - our extra curricula activities

Students at Christ the King are invited to take part in a range of extra-curricular activities. These activities encompass many of the Australian Curriculum's General Capabilities such as; personal and social learning, critical and creative thinking, intercultural and ethical understanding, as well as sportsmanship, resilience and independence.

- Interschool sport (Yr 5-6) - AFL Auskick program, Athletics, Gymnastics, Tennis, Cross-Country - Guitar - Choir - Optiminds - ICAS Competitions and Lunchtime clubs (Homework, learning, computer, dance, gardening and lego)

Parent, student and teacher satisfaction

Parents, teachers and students are offered numerous opportunities both formally and informally to provide feedback to the school through P & F Meetings, School Board, surveys, informal chats and more formal feedback opportunities. The overwhelming response from these forums, is that we have a strong community which promotes positive and honest communication, highlighting our overall goal of partnerships with our parents, thus providing an exceptional education for our students.

Parents are highly appreciative of the effort and time that teachers at Christ the King give to the students at the school and wider community. Our P & F are active and involved in our community and attendance at meetings is growing.

Parent engagement

Parental involvement is key to a child's education and at CtK we realise that each family is unique, so we have a range of ways parents, care-givers and family support members are invited to be involved. Goal setting interviews include parents/care-givers, students and teacher in the discussion about the student's learning engagement, achievement and learning goals identified for the child. Information nights are provided to help families understand any changes to curriculum or teaching pedagogies that are implemented school-wide.

Parents/care-givers are invited to attend learning and parenting workshops, sacramental programs, class and whole school liturgies, assemblies, and celebrations. Regular invitations are given for family and friends to participate in some class and home activities in reading, spelling, maths, science, craft, garden and sports. Each year there are a number of community events such as the Mother's Day Picnic and movie nights, Father's Day Breakfast and School Art Show and Fete.

Individual Education Plans are created and reviewed with parents for verified students on a regular basis.

SCHOOL ACHIEVEMENTS

Achievements against 2017 annual plan

In 2017 Christ the King School set specific goals around students achieving in literacy. We aimed to have 75% of our students in Prep-Year Two at the Brisbane Catholic Education Office expected benchmarks in PM and set in place effective and expected practices to work towards this goal.

At the end of the year, we had achieved 70.6% of Prep, 77.5% in Year 1 and 76.3% in Year 2.

We used the review and response process to respond to this data and have set our 2018 goals to 80%.

Future outlook

In 2016 Christ the King School set specific goals around students achieving in literacy. We aimed to have 60% of our students in Prep-Year Two at the Brisbane Catholic Education Office expected benchmarks in PM and set in place effective and expected practices to work towards this goal.

At the end of the year, we had achieved 26% of Prep, 54% in Year 1 and 52% in Year 2.

We used the review and response process to respond to this data and have set our 2017 goals to 75%.

Christ the King is working on a whole school critical challenge in literacy and have set the following smart goals;

P-2 – 80 % of students will reach the BCE expected Benchmark 3-6 – 70% of students will reach Level 20 or above for the Writing Analysis throughout 2018.

In other areas, we have embarked on a whole school Technology Plan focusing on our one to one hardware, ICT support and upskilling for teachers and greater continuity around the continuum and year level expectations to ensure the best learning outcomes and financial equity for our students.

We will also be focusing on the emotional wellbeing of staff and students, to further support our students in their learning, to ensure they are constantly improving.

STUDENT OUTCOMES

Whole school attendance rate			93.00	%
Prep attendance rate	94.00	%	Year 4 attendance rate	93.00 %
Year 1 attendance rate	93.00	%	Year 5 attendance rate	94.00 %
Year 2 attendance rate	93.00	%	Year 6 attendance rate	89.00 %
Year 3 attendance rate	95.00	%		

Management of non-attendance

Parents/care-givers and students are made explicitly aware of our high expectations around attendance at school.

Electronic rolls are marked twice daily by teachers. Parents are encouraged to contact the school when children are unable to attend. Students who are late or leave early are required to sign in or out accordingly. Parents are notified by SMS by 10am if their child is not at school and a reason has not been provided.
