### **2018 Year 12 completers survey**

Post-school destinations of Year 12 completers from 2017

## **Chisholm Catholic College**

**Queensland  
Government**

## Introduction

This report is to inform the school community about Year 12 completers' transitions into further education, training and employment.

This information is useful for:

- reviewing programs and services, such as subject offerings, career advice and links with employers and tertiary institutions
- reporting to parents through newsletters, annual reports and the school website.

The results are from the Department of Education's *Next Step — Year 12 Completers* survey. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places. Students who completed Year 12 in 2017 at a State, Catholic or Independent school, or TAFE secondary college in Queensland are included.

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the school cohort's destinations.

### Find out more

For more information on the survey, including regional and statewide reports, visit the *Next Step* website [www.qld.gov.au/nextstep](http://www.qld.gov.au/nextstep). Regional and statewide reports will be available from October 2018.
