2019 Year 12 completers survey

Post-school destinations of Year 12 completers from 2018

Mt Maria College

Queensland
Government

Introduction

This report is to inform the community about Year 12 completers' transitions into further education, training and employment.

This information is useful for:

- reviewing programs and services, such as subject offerings, career advice and links with employers and tertiary institutions
- reporting to parents through newsletters, annual reports and the school website.

The results are from the Department of Education's *Next Step — Year 12 Completers* survey. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places. Students who completed Year 12 in 2018 at a State, Catholic or Independent school, or TAFE secondary college in Queensland are included.

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the cohort's destinations.

For more information on the survey, including regional and statewide reports, visit the *Next Step* website www.qld.gov.au/nextstep. Regional and statewide reports will be available from October 2019.

Survey response rate

48.9% (68 out of 139 Year 12 completers)

Decreased by 14.3 percentage points since 2015.

Due to the low response rate, care should be taken interpreting these results.

Post-school engagement

Year 12 completers from Mt Maria College have been categorised by their engagement in education and training, or employment. Survey respondents who are both working and studying are included in education and training. Apprentices and trainees are required to undertake a study component to their qualification so are also considered to be in education and training.

Engagement in education, training or employment

95.6% engaged in education, training or employment

Engagement in education, training or employment over time

Increased by 0.1 percentage points since 2015

How does your school compare?

Main Destination

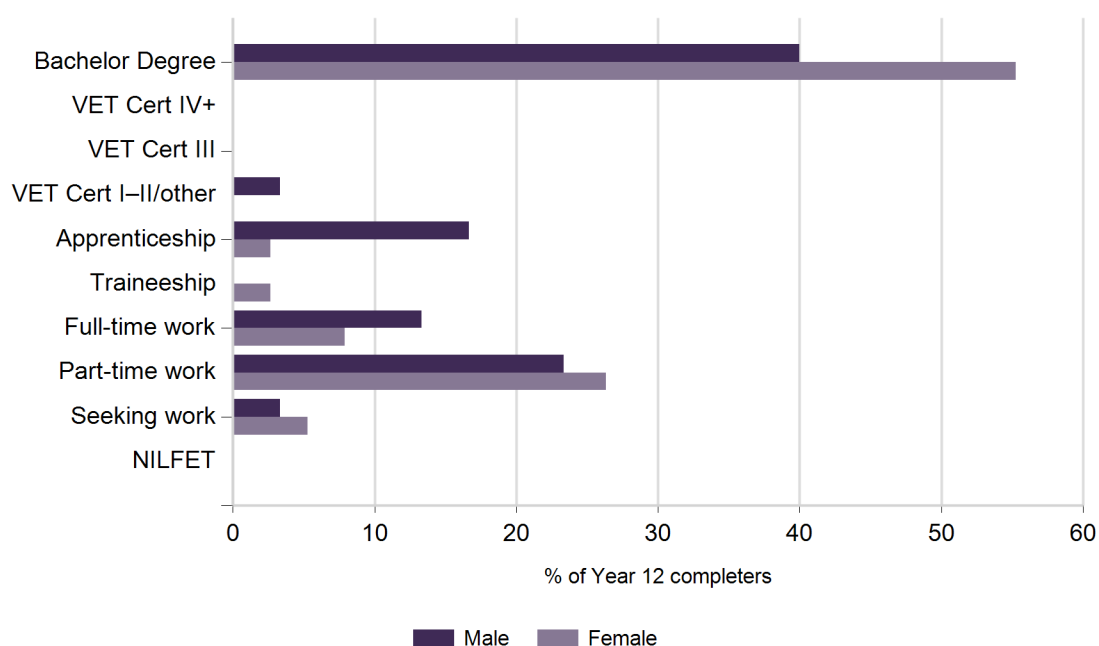

Post-school destinations of survey respondents from Mt Maria College in 2019.

All Year 12 completers were assigned to a main destination. This categorisation system prioritises education-related destinations over other destinations. For example, Year 12 completers who were both studying and working are reported as studying for their main destination.

7.4% of respondents deferred a tertiary offer and are reported in their current post-school destination in this report.
