2020 Year 12 completers survey

Post-school destinations of Year 12 completers from 2019

Carmel College

**Queensland
Government**

Introduction

This report is to inform the community about Year 12 completers' transitions into further education, training and employment.

This information is useful for:

- reviewing programs and services, such as subject offerings, career advice and links with employers and tertiary institutions
- reporting to parents through newsletters, annual reports and the school website.

The results are from the Department of Education's *Next Step — Year 12 Completers* survey. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places. Students who completed Year 12 in 2019 at a state, Catholic or independent school, or TAFE secondary college in Queensland are included.

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the cohort's destinations.

Visit the *Next Step* website www.qld.gov.au/nextstep for more information on the survey, view the statewide report or create a custom report using report builder, which will be updated in November 2020.

Survey response rate

56.1% (69 out of 123 Year 12 completers)

Increased by 0.5 percentage points since 2016.

Due to the low response rate, care should be taken interpreting these results.

Response rate over time

School's response rate compared with SA4 region and state

Post-school engagement

Year 12 completers from Carmel College have been categorised by their engagement in education and training, or employment. Survey respondents who are both working and studying are included in education and training. Apprentices and trainees are required to undertake a study component to their qualification so are also considered to be in education and training.

Engagement in education, training or employment

82.6% engaged in education, training or employment

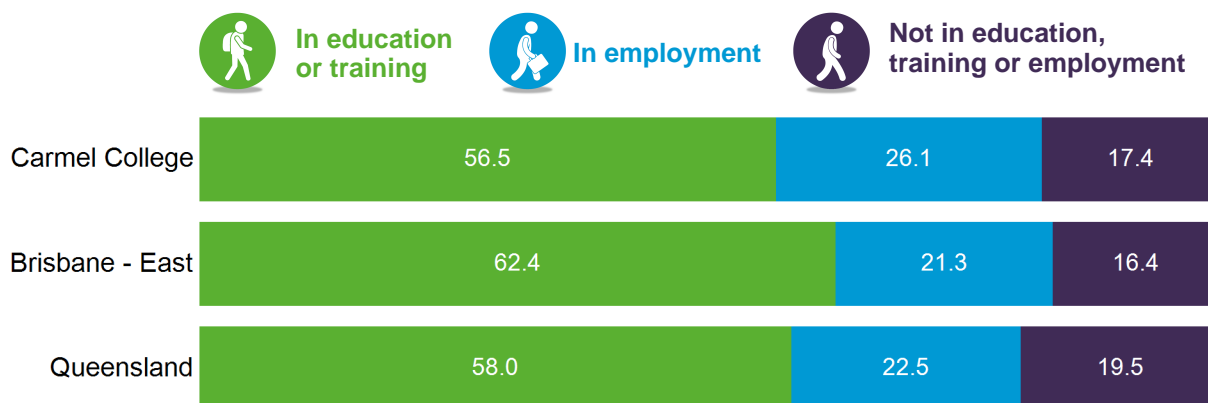

Engagement in education, training or employment over time

Decreased by 16.3 percentage points since 2016

How does your school compare?

Main destination

Post-school destinations of survey respondents from Carmel College in 2020.

All Year 12 completers were assigned to a main destination. This categorisation system prioritises education-related destinations over other destinations. For example, Year 12 completers who were both studying and working are reported as studying for their main destination.

14.5% of respondents deferred a tertiary offer and are reported in their current post-school destination in this report.
