

Next Step

2020 Year 12 completers survey

Post-school destinations of Year 12 completers from 2019

Marymount College

Introduction

This report is to inform the community about Year 12 completers' transitions into further education, training and employment.

This information is useful for:

- reviewing programs and services, such as subject offerings, career advice and links with employers and tertiary institutions
- reporting to parents through newsletters, annual reports and the school website.

The results are from the Department of Education's *Next Step* — Year 12 Completers survey. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places. Students who completed Year 12 in 2019 at a state, Catholic or independent school, or TAFE secondary college in Queensland are included.

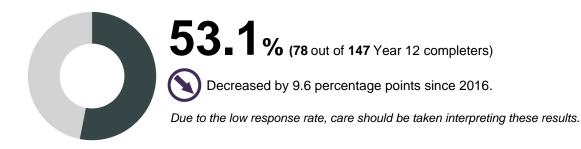

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the cohort's destinations.

Find out more

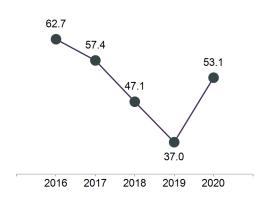

Visit the *Next Step* website <u>www.qld.gov.au/nextstep</u> for more information on the survey, view the statewide report or create a custom report using report builder, which will be updated in November 2020.

Survey response rate

Response rate over time

School's response rate compared with SA4 region and state

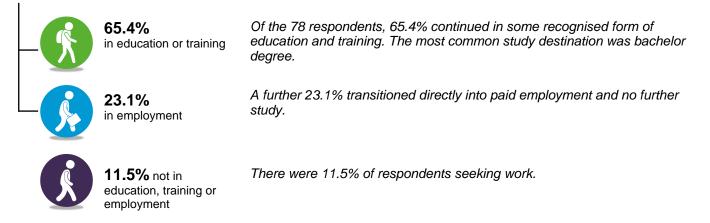

Post-school engagement

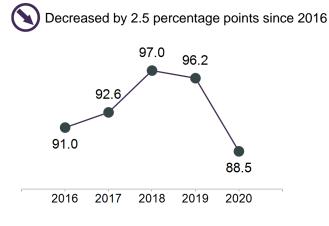

Year 12 completers from Marymount College have been categorised by their engagement in education and training, or employment. Survey respondents who are both working and studying are included in education and training. Apprentices and trainees are required to undertake a study component to their qualification so are also considered to be in education and training.

Engagement in education, training or employment

88.5% engaged in education, training or employment

Engagement in education, training or employment over time

How does your school compare?

Main destination

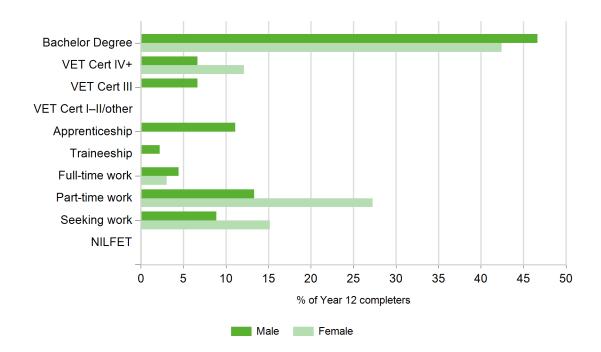

Post-school destinations of survey respondents from Marymount College in 2020.

All Year 12 completers were assigned to a main destination. This categorisation system prioritises educationrelated destinations over other destinations. For example, Year 12 completers who were both studying and working are reported as studying for their main destination.

6.4% of respondents deferred a tertiary offer and are reported in their current post-school destination in this report.

Total	30	100.0	21	100.0	51	100.0

Industry categories are based on the Australian and New Zealand Standard Industrial Classification (ANZSIC).

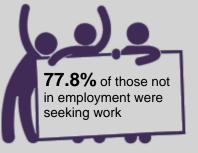

How are they working?

Not in employment

There were **27** respondents not in paid employment at the time of the survey. This includes **21** who were actively seeking work and **6** who were not seeking work.

Appendices

Appendix 1 – Acronyms and initialisms

DW	Data withheld
IBD	International Baccalaureate Diploma
NA	Not applicable
NILFET	Not in the labour force, education or training

- OP Overall Position
- SAT School-based apprenticeships and traineeships
- TAFE Technical and further education
- VET Vocational Education and Training

Appendix 2 – Explanatory notes

Main destination

A structured hierarchy of study and labour force destinations for Year 12 completers, who were assigned to categories as follows:

- students were assigned to the relevant higher education or VET category, even if they were also employed
- apprentices and trainees were assigned to their respective category and classified as education and training since their training involves study
- those assigned to a labour force category (employed or seeking work) were not also undertaking study
- those who were not studying and not in the labour force (not employed and not seeking work) were categorised as NILFET.

cation
Studying at Bachelor Degree level (including Honours), or higher.
ories
Studying at Certificate IV, Diploma, Advanced Diploma or Associate Degree level (excluding apprentices and trainees).
Studying at Certificate III level (excluding apprentices and trainees).
Studying at Certificate I or II level (excluding apprentices and trainees). This category also includes students in an unspecified VET course, other basic course (e.g. short course) and unknown course level.
Employment-based apprenticeship.
Employment-based traineeship.
Working full-time (35 hours or more per week) and not in an education or training category. This includes people with multiple part-time or casual jobs that total 35 hours or more.
Working part-time or casual (fewer than 35 hours per week) and not in an education or training category.
Looking for work and not in an education or training category.
r training
Not in education or training, not working and not seeking work.
ır force.
