2021 Year 12 completers survey

Post-school destinations of Year 12 completers from 2020

Mt Maria College — Mitchelton

**Queensland
Government**

Introduction

This report is to inform the community about Year 12 completers' transitions into further education, training and employment.

This information is useful for:

- reviewing programs and services, such as subject offerings, career advice and links with employers and tertiary institutions
- reporting to parents through newsletters, annual reports and the school website.

The results are from the Department of Education's *Next Step — Year 12 Completers* survey. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places. Students who completed Year 12 in 2020 at a state, Catholic or independent school, or TAFE secondary college in Queensland are included.

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the cohort's destinations.
