2021 Year 12 completers survey

Post-school destinations of Year 12 completers from 2020

St Peter Claver College

**Queensland
Government**

Introduction

This report is to inform the community about Year 12 completers' transitions into further education, training and employment.

This information is useful for:

- reviewing programs and services, such as subject offerings, career advice and links with employers and tertiary institutions
- reporting to parents through newsletters, annual reports and the school website.

The results are from the Department of Education's *Next Step — Year 12 Completers* survey. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places. Students who completed Year 12 in 2020 at a state, Catholic or independent school, or TAFE secondary college in Queensland are included.

Post-school destinations are influenced by the transitioning environment, which can limit the options available to young people. Low response rates may not give an accurate summary of the cohort's destinations.

Post-school engagement

Year 12 completers from St Peter Claver College have been categorised by their engagement in education and training, or employment. Survey respondents who are both working and studying are included in education and training. Apprentices and trainees are required to undertake a study component to their qualification so are also considered to be in education and training.

Engagement in education, training or employment

Main destination

Post-school destinations of survey respondents from St Peter Claver College in 2021.

All Year 12 completers were assigned to a main destination. This categorisation system prioritises education-related destinations over other destinations. For example, Year 12 completers who were both studying and working are reported as studying for their main destination (See Appendix 2).

6.8% of respondents deferred a tertiary offer and are reported in their current post-school destination in this report.

Appendix 2 – Explanatory notes

Main destination

A structured hierarchy of study and labour force destinations for Year 12 completers, who were assigned to categories as follows:

- students were assigned to the relevant higher education or VET category, even if they were also employed
- apprentices and trainees were assigned to their respective category and classified as education and training since their training involves study
- those assigned to a labour force category (employed or seeking work) were not also undertaking study
- those who were not studying and not in the labour force (not employed and not seeking work) were categorised as NILFET.

Main destination categories

Education and training – higher education

| | |
|------------------|---|
| Bachelor Degree* | Studying at Bachelor Degree level (including Honours), or higher. |
|------------------|---|

Education and training – VET categories

| | |
